Parent/Guardian Name _____

Address _____

City, State, Zip _____

Phone _____

Child(ren) to be enrolled & (grade) _____

Please ✓ in each box after reading.

UPON ADMISSION TO GOOD SHEPHERD SCHOOL,

- 1 We, the parent/guardian of the child(ren) named above understand that Good Shepherd School is first and foremost a Christian school, and that it exists not only to educate in the traditional academic subjects, but also to train students in the knowledge of and obedience to the Holy Scriptures. Knowing this, we desire the school to work with us in the full Christian education of our child(ren).
- 2 We DO (or *DO NOT, circle if applicable*) allow our child(ren) to appear in school publications, including media releases.
- 3 We agree to support and comply with school policies and regulations, set forth in the current handbook and official school publications including the published uniform code.
- 4 We agree to support and comply with the disciplinary standards of the school, understanding that discipline is not simply punishment, but aims at training in upright conduct. GSS methods employed include: verbal admonitions, denial of privileges, separation from class activity, and restitution. Upon repeated offenses, methods will include: spanking (1st grade and up only, and by the parent, or by a school administrator with parental approval), dismissal to home for remainder of the day, suspension, or expulsion.
- 5 We promise to be prompt in making all tuition payments as scheduled and in meeting other financial obligations (including any and all applicable Fees, Extended Care, and Lunch/Milk charges) so as to keep our account balance current.
- 6 We understand that Good Shepherd School will not transfer or release records until our financial obligations are fulfilled.
- 7 We, as the parents (or guardians), authorize Good Shepherd School, in the event that we cannot be reached, to secure whatever emergency medical care is necessary for the safety and well-being of our child in accord with the emergency information supplied to the school. We will assume any applicable costs incurred for emergency care after relevant insurance coverage is applied.
- 8 We understand that field trips are considered part of the classroom instructional program, and upon notification, give consent for our child(ren) to participate in school sponsored field trips, UNLESS we consult with the teacher and give a written notification of non-participation for a particular field trip.
